KUALA LUMPUR, Malaysia, Oct. 25, 2018 /PRNewswire/ -- MK Durian Harvests Sdn. Bhd. ("Durian Harvests"), part of the Plantations International group of companies which specializes in providing Musang King Durian plantation management and other Durian related services, has revealed that its primary purpose will be supplying Musang King to the booming market in China.

China represents a unique market opportunity; one on which Durian Harvests is ideally positioned to capitalize. The current market situation in China is truly remarkable as consumers are fascinated with Musang King and yet unfazed by record high prices. Rapidly rising consumption in China has led to prices skyrocketing up to 120 USD per KG and has even resulted in the development of Musang King Durian tours in Malaysia, catered directly to consumers in China.

Limited Musang King supply and rapidly rising demand has resulted in a critical need for additional Musang King Durian trees. A fact reaffirmed by Malaysia's Ministry of Agriculture which has stated Malaysia can only meet one percent of China's population at the moment.

Durian Harvests and its parent company Plantations International are in line with the Malaysian government's goals, is positioned to meet China's lucrative and growing Musang King Durian obsession as well as that of the entire region including Hong Kong, Taiwan and Singapore. Its Musang King Durian plantations have been strategically positioned in Johor for easy accessibility to export markets. The plantations are located in close proximity to Johor's Port Tanjung Pelepas and the large Singaporean market.

About Agroforestry Group
